## ABOUT RAILROAD CERTIFICATES

Never before have social efforts of every kind been so popular; never has the National Conference presented so varied and attractive a program; Buffalo is within one night's ride of

### 50,000,000 PEOPLE

So, of course, we shall have 1,200, and we may have 1,800 or 2,000 people, who will come by rail to the Conference.

Many of the railroads have suffered in recent years at the hands of State Legislatures. The roads in nearly all the Central Association territory—Ohio, Indiana, part of Illinois, Michigan—are limited to 2 cents a mile for their regular charge, and every railroader will tell you that passenger traffic does not pay any too well. So they are naturally shy of Reduced Rates unless for a very big thing. They set the limit at 1,000 certificates.

All the roads east of Buffalo and north of Dixie's line have granted a rate of one fare and three-fifths on the certificate plan, on a basis of 100 certificates, and so that's settled beforehand.

But the Central Association asks for 1,000. Can we show them 1,000 certificates? We can, if everybody coming by rail from East, West, North and South will

### BE SURE TO GET A CERTIFICATE

Please do it, even if you don't want to use it, even if you only pay \$1 for your ticket in the first place. You may not need it yourself, but the men and women from the Central West may need YOUR CERTIFICATE badly.

The Central Association does not demand 1,000 certificates from its own territory. They are willing to count in those of the other lines which make the concession on the certificate plan.

Suppose you do not get a certificate and that then we can only show 999! Think of the loss to other members—a possible loss of \$750 to \$1,000, or more, divided between 200 to 500 people, just because YOU did not take the little extra trouble to make sure of a certificate.

See on another page all about how to get and use the certificates. This page is to make sure that

**YOU DO NOT FORGET TO ASK FOR ONE**

### RAILROAD RATES.

The Trunk Line Association, the New England Passenger Association and the Eastern Canadian Association have each made a rate of one fare and three-fifths on the certificate plan, on a basis of an attendance of 100 people, paying full fare going, and obtaining a certificate to that effect. (See below as to obtaining certificates, etc.)

These associations include all the roads east of Buffalo and north of the State of Virginia.

The Central Passenger Association has granted a rate of one fare and one-half, on the certificate plan, but on a basis of 1,000 present with certificates, under the rules laid down below. This association includes the territory west and south of Buffalo as far as the Mississippi River.

The Western and the Southeastern Passenger Associations decline to grant any special reduced rates, but refer delegates to their regular summer excursion rates, which will be in effect in June, and which, in some cases, are lower than the fare and three-fifths granted by the Trunk Lines, etc. The same holds true of the Southwestern Excursion Bureau and the Transcontinental Lines.

It therefore becomes highly desirable that every delegate from the East and the Middle West shall secure a certificate when purchasing a ticket. In arriving at the number of 1,000 the Central Passenger Association's agent will count all certificates from the other associations' territory.

## INSTRUCTIONS AS TO OBTAINING CERTIFICATES

The following are the instructions issued by the Trunk Line Association. They apply also to the Central Passenger Association territory, except that the number required to make the reduction effective is 1,000 instead of 100, and that the return fare is one-half instead of three-fifths of the full single fare:

1—Tickets at the regular full one-way first-class fare for the going journey may be secured within three days (exclusive of Sunday) prior to and during the first three days of the meeting. The announced opening date of the meeting is June 9, and the closing date is June 16; consequently you can obtain your going ticket and certificate not earlier than June 5, nor later than June 11. Be sure that, when purchasing your going ticket, you request a certificate. *Do not make the mistake of asking for a receipt.*

2—Present yourself at the railroad station for ticket and certificate at least thirty minutes before departure of train on which you will begin your journey.

3—*Certificates are not kept at all stations.* If you inquire at your home station, you can ascertain whether certificates and through tickets can be obtained to place of meeting. If not obtainable at your home station, the agent will inform you at what station they can be obtained. You can in such case purchase a local ticket thence, and there purchase through ticket and secure certificate to place of meeting.

4—Immediately on your arrival at the meeting present your certificate to the endorsing officer, Alexander Johnson.

5—It has been arranged that the Special Agent of the Trunk Line Association will be in attendance from June 11 to 15 inclusive, from 9 a. m. to 6 p. m., to validate certificates. *A fee of 25 cents will be charged at the meeting for each certificate validated.* If you arrive at the meeting and leave for home again prior to the Special Agent's arrival, or if you arrive at the meeting later than June 15, after the Special Agent has left, you cannot have your certificate validated, and consequently you will not get the benefit of the reduction on the home journey. *No refund of fare will be made on account of failure to have certificate validated.*

6—So as to prevent disappointment, it must be understood that the reduction on the return journey is not guaranteed, but is contingent on an attendance at the meeting of not less than 100 persons holding regularly issued certificates (and as to the Central Association 1,000) obtained from ticket agents at starting points, showing payment of regular full one-way first-class fare of not less than 75 cents on going journey.

7—If the necessary minimum of certificates are presented

to the Special Agent, and your certificate is duly validated, you will be entitled up to and including June 19 to a continuous passage ticket by the same route over which you made the going journey, at three-fifths (or in Central Association territory one-half) of the regular one-way first-class fare to the point at which your certificate was issued.

### EXHIBITS AT THE CONFERENCE

The exhibit of sample records, forms and blanks used by child-helping societies and institutions in the United States and Canada promises to be an interesting feature of the Buffalo Conference. During certain hours of each day of the Conference demonstrators will be present to explain the exhibit, to answer questions and to distribute the printed matter provided by the children's agencies making the exhibit.

The Library Bureau of Boston will install a complete set of filing cabinets containing samples of records now actually in use by placing-out agencies and institutions. The Library Bureau will have a representative present to furnish samples and to explain the latest and most improved devices for the keeping of records.

The collecting of material for the exhibit and the work of having it mounted and arranged is in charge of Edwin D.

Solenberger, general secretary Pennsylvania Children's Aid Society, 1506 Arch street, Philadelphia. Most of the leading children's societies and institutions have already forwarded their exhibits to Mr. Solenberger. Those which have not already taken action in this matter are urged to do so at once.

At the request of the Washington Children's Home Society, the Buffalo Conference exhibit of records, forms and blanks used by children's societies and institutions in the United States and Canada will be forwarded at the close of the Conference to Seattle for the use of the Alaska-Yukon-Pacific Exhibition, which begins in June and continues five months.

A number of other interesting exhibits are promised. See back cover page for a list of those expected.
